Suitable Riders is a collaborative platform with a wide pool of independent and self employed riders who can help the restaurants and takeaways to complete the food deliveries using their own vehicles and thereby earning a good revenue.

Suitable Riders Merchants helps the restaurants and takeaways , by providing them an On Demand service of drivers, who can pickup food from the restaurants and deliver the same to the consumers.

Suitable Riders Merchants comes up with a POS system that allows the merchants to post jobs for pickup, hire riders on demand, pay them in cash and get the food delivered to the consumer who ordered it.

Download the Suitable Riders Merchants POS App now, and give us a chance to impact your business on a progressive path.
